

## **Application form S1: - Initial Enquiry for Wholesale Water Supply by Secondary Water Undertaker Section (66C WIA91)**

This application form must be completed by a “Combined” licensee wishing to progress an application for wholesale supplies from Thames Water in its role as a Secondary Water Undertaker under Section 66C WIA91.

The licensee should provide as much information as possible during the initial enquiry stage.

You should familiarise yourself with Thames Water’s Access Code (available from our website) before completing this form.

Following Thames Water’s assessment of the initial enquiry, we will submit a report setting out our findings. At this stage Thames Water will set out the further information required from the licensee in order to carry out a detailed assessment of the licensee’s proposals. Thames Water will also outline the estimated costs to perform the detailed assessment at this stage.

Whilst this form sets out the key information required to enable us to assess the licensee’s initial application, in some cases it may be necessary for us to request further information from the licensee during the initial application and assessment process.

Please return this completed application form to:

Markets Team  
Strategy & Regulation  
Thames Water Utilities  
2<sup>nd</sup> East, Clearwater Court  
Vastern Road  
Reading  
RG1 8DB

Email: [competition@thameswater.co.uk](mailto:competition@thameswater.co.uk)

Please confirm that this application is being made under section 66C of the Water Industry Act 1991:

Section 66C: Wholesale Water Supply by Secondary Water Undertaker

Please note: separate pro-forma application forms (W1, W2 & C1) are available for applications for wholesale supplies under Section 66A WIA91 and combined supplies (introduction of water into a water undertaker’s supply system) under Section 66B WIA91 respectively.

## Section A: Licensee Information

### Licensee Details:

<b>Name</b>	
<b>Address (for communication and billing purposes)</b>	
<b>Registered Office Address (if different to above)</b>	
<b>Company Registration No.</b>	
<b>Details of Product and Liability Insurance</b>	
<b>Telephone No.</b>	
<b>Fax No.</b>	
<b>E-mail</b>	
<b>Website Address</b>	

### Contact Details:

<b>Name</b>	
<b>Position</b>	
<b>Telephone No.</b>	
<b>Fax</b>	
<b>E-mail</b>	

I enclose a copy of the Combined WSL licence held.

Thames Water can provide plans showing the position and size of our clean and wastewater assets within a defined area. Should you require plans showing Thames Water's assets in a specific area, please contact **Thames Water Property Insight**. Further information together with contact details can be found at: [www.twsearches.co.uk](http://www.twsearches.co.uk)

Date:

Please note:

- You should familiarise yourself with Thames Water's Access Code (available from our website before completing this application form);
- In all instances, it is the licensee's responsibility to ensure the eligibility of the customer's premises which it proposes to supply through a combined supply arrangement. Further details on eligibility can be found in Ofwat's Guidance on Eligibility;
- The licensee should provide as much information as requested in this form as possible;
- Preliminary price and non-price terms will be subject to contract;
- Thames Water will endeavour to adhere to the timescales for progressing an application set out by Ofwat in its "Access Code Guidance". However this may not be possible where the application is complex or where further validation or verification of the licensee's proposals is required. Where it will not be practical for the timescales set out in Ofwat's guidance to be met, Thames Water will inform the licensee, explaining the reasons why and will outline an anticipated completion date.
